Story

Sterling was at the Oakwood dog park with Jack Duncan, February 13. He escaped through the fence and ran down into the ravine. He has also been spotted at Moore Square with Steve Demastrie handing out free pizzas. Sterling is especially skittish around strangers and may be difficult to catch. He is not aggressive toward people or other animals unless you have food. Sterling is on medication for a cow bell deficiency and needs to take medication daily...More Cow Bell. PLEASE call if you see him or are able to capture him, but be careful, since he hasn't had his medication, he make think he is an insulation ninja as he is pictured above!
